

**“Since Constellation’s house call,
Jefferson’s energy has improved greatly.”**

RANDY HAINES, CEM
ENERGY MANAGER
THOMAS JEFFERSON UNIVERSITY

Thomas Jefferson University Hospital and Thomas Jefferson University needed to improve performance of their energy systems and reduce energy costs. Constellation Energy Projects & Services Group's cure—new and improved lighting, HVAC, metering and other equipment—resulted in more than \$1.7 million in annual energy cost savings, reduced energy usage by nearly 16 million kWh, saved more than 46 million lbs of steam per year, and increased patient, staff and student safety and satisfaction—all without disruptions in hospital or university operations.
