Constellation NewEnergy, Inc. (Constellation)
CenterPoint Energy Service Area
24 MONTH RESIDENTIAL TOU RATE
11/20/2026

Electricity Price

Average Monthly Use	500kWh	1,000kWh	2,000kWh
Average price per kWh	14.6¢	14.1¢	13.9¢

The Average Price per kWh listed above is based on usage profiles for the previous 12 months in this Transmission and Distribution Utility ("TDU") service area and reflects that an average of [75.00000]% of electricity usage occurred during On-Peak Hours and [25.00000]% of electricity usage occurred during Off-Peak Hours , as defined below*. Your actual average price per kWh will depend on your usage and the pricing components below:

Energy Charge(On-Peak)	7.35	¢ per kWh
Energy Charge(Off-Peak)	6.11	¢ per kWh
Minimum Usage Fee	0.00	$ per bill month
TDU Delivery Charge**	6.5611	¢ per kWh
TDU Delivery Charge**	4.90	$ per bill month

*On-Peak Energy Charge applies to usage from [06:00 AM] to [09:59 PM] Central Prevailing Time (“On-Peak Hours”) every day.
*Off-Peak Energy Charge applies to usage from [10:00 PM] to [05:59 AM] Central Prevailing Time (“Off-Peak Hours”) every day.
**TDU charges will be passed through to customer as billed from the TDU.

Your average price per kWh each month is determined by using the energy charges above and the following formula:

Price per kWh = (Base Charge + (monthly billed On-Peak Hours kWh usage x On-Peak Energy Charge) + (monthly billed Off-Peak Hours kWh usage x Off-Peak Energy Charge) + (TDU charges))/monthly billed kWh usage.

The total kilowatt-hour usage shown on your monthly invoice (“Billed Usage”) is provided by the TDU. Usage for each time-of-use billing period shown above (On-Peak Hours or Off-Peak Hours) is determined from interval data from your advanced meter (“Interval Data”) and is also provided by the TDU. If the Billed Usage and Interval Data do not match; any missing intervals in the Interval Data will first be determined using market information for your usage profile, then these intervals will be proportionately adjusted so the sum of all intervals equals the Billed Usage provide by the TDU.

This average price disclosure is an example based on average service prices and does not include applicable federal, state, and local taxes or any fees (including gross receipt tax reimbursement) or other non-recurring amounts charged by Constellation or a governmental entity. Your actual price for electricity may vary according to your exact monthly usage and TDU pass-through charges. Some locations may be subject to a TDU Underground Facilities and Cost Recovery Charge authorized by their city that is not included in this average price disclosure. See your TDU’s tariff for a list of cities and authorized charges.

Other Key Terms and Questions

See Terms of Service statement for a full listing of fees, deposit policy, and other terms.

Disclosure Chart

Type of Product	TOU RATE
Contract Term	24 MONTHS
Do I have a termination fee or any fees associated with terminating service?	YES. $ 150.00
Can my price change during contract period?	Yes, but only for the very limited reasons described below.
If my price can change, how will it change, and by how much?	The Price is subject to change during the Initial Term of this Agreement only if there are changes in TDU charges, fees imposed by Electricity Reliability Council of Texas ("ERCOT") or the Texas Reliability Entity ("TRE"), or costs imposed by changes in federal, state or local laws that impose new or modified fees or costs on Constellation that are beyond Constellation's control.
What other fees may I be charged?	See Additional Charges & Fees section of the Terms of Service Agreement for a full listing of non-recurring charges.
Is this a pre-pay or pay in advance product?	NO
Does the REP purchase excess distributed renewable generation?	NO
Renewable Content	24.7%
Voluntary Renewable Content	100%
The statewide average for renewable content is	37.2%
